What Sunday School Teachers Want

If only I could visit every church in our association between August and October! Lately, in most churches I have visited I had the opportunity to talk with others about Simply the Story teacher training. When teachers hear about it and can ask me questions, they discover they are interested. They feel the need to invest their time in this training. They sense that Simply the Story addresses the needs of their class members. They begin to see that Simply the Story training is a good investment of their time to help them answer questions like the following:

- ⇒ How do you get class members more interested and involved in Scripture?
- ⇒ How can you help members to realize that they can hear from God through the Bible?
- ⇒ How can you have a very meaningful discussion of a Bible passage/story?
- ⇒ How can you get to real application of the Scripture in their lives?
- ⇒ How can we get from listening to a lecture to active dialogue where spiritual treasures are discovered and shared in class...by the members?
- ⇒ How can I help members to get more involved with the Bible when they just do not like to read?
- ⇒ How can Sunday School lessons become dynamic?

Teachers who care want to know the answers to questions like these. I know of no better place to get these answers than the Simply the Story training. Teachers and preachers can benefit greatly from the two-and-a-half day training. Call me anytime for more information. Call Mary at the office to get a brochure and registration information. Go ahead and register; you will be very glad you did.

SIMPLY THE STORY TRAINING

OCTOBER 12-16, 2015

Please continue to support Tony Hancock and ABC Regional Hispanic Ministries with your prayers and mission offerings!

This past Monday, a group from Williston First Baptist partnered with us to hold a Backyard Bible Club in Kline. Forty-four (44) children sang, played, did crafts and learned about Jesus. At the end of the event, the hostess of the event shared that children's ministry played a significant role in the salvation of her family. At a crucial point in their journey to salvation, the children were invited to participate in Vacation Bible School. This became one of the things God used to draw the entire family, one by one, to faith in Christ.

Like them, there are many parents that have come to Christ as a result of ministry to their children. Would you join me in praying for the children of Hispanic parents? Pray that they would hear and understand the Gospel. Pray that we would be wise in using outreach opportunities to reach them, and their families through them.

As Always, thank you for your prayers and support of ABC Regional Hispanic Ministries.

Tony Hancock, Director of Hispanic Missions
